Forecast for Thursday 11 Nov 2021

Weather: Mainly dry in the morning with any patchy light rain and drizzle around Knoydart and the south soon dying out. Bright spells developing before patchy light rain pushes north later in the afternoon, the rain becoming heavy and persistent later in the evening. Winds also strengthening later in the day.

Chance of cloud free mountain/hill tops above 800m: 70%, best chance in the north.

Visibility: Often good or very good, but moderate in any rain. Occasionally poor or very poor at height, mainly early or late in the day, occasional or extensive cloud with bases 600 to 900m, but often near or above the summits during daylight hours in the north.
